Luxart® Air Switch

Put power at your fingertips with the latest design from Luxart®. A stylish alternative to a wall switch, the Luxart® air switch installs right into your countertop, sink or tub top. Simply toggle the switch and turn on/off an electronic device like a garbage disposer, instant hot water dispenser or whirlpool tub. This easily-installed unit is perfect for islands, too.

- The Luxart® air-actuated on/off control is suitable for an electrical device up to 1HP, 120V.
- Simply plug the unit into any standard electrical outlet and plug the appliance into the receptacle provided in the Luxart unit.
- The appliance can be activated and deactivated by depressing an air button mounted up to 6 feet away.

Applications:

- Garbage Disposals
- Jetted Bath Tubs
- Instant Hot or Water Chillers
- Fountains
- Outdoor Lights
- Temporary Fans
- Short-term Installations
- Theatrical Installations
