

Combination Clamps

One Clamp Fits Two Sizes of Pipe

NEW!

Save time and money with new Mainline[®] Combination Clamps. Each new clamp will fit two different size pipes, so you'll have more convenience and reduced inventory. These new clamps are available as Half, 2-hole, Suspension, Insulator and an all-new Suspension/Insulator Clamp.

- Each clamp fits two sizes of pipe
- Fits CTS copper, CPVC and PEX tubing
- Combination Half Clamp with pre-loaded nail
 - Reduces installation time
 - Includes angled seat for additional stability with larger pipe sizes
- Job costs are reduced through reduced inventory
