

MAINLINE®

RESIDENTIAL AND LIGHT COMMERCIAL CHINA

VITREOUS CHINA COLLECTION

MainlineVitreousChina.com

A baby with light hair is sitting on a tiled floor, playing with a large piece of white paper. The baby is looking down at the paper. To the left, a white toilet is visible. The background is a blurred bathroom setting.

*Brilliantly
inspired.®*

Mainline® takes inspiration from everyday life: the little messes, the happy accidents, the big creations.

We've used these life experiences to create lavatory sinks, toilets and urinals that thoughtfully combine innovation, durability, value and design.

The result? A beautiful, affordable, well-made bathroom that stands up to the rugged realities of life.

Even better? Every product is backed by our dedicated customer service and a five-year warranty.

TOILET OFFERING

We've taken every detail into consideration with our full range of residential toilet styles. Whether you're looking for comfort-designs or high-efficiency options, we have the right model for every bathroom project.
